"Today I started week 2 in ACC122. Last week was hard is an understatement, but I kept going one step at a time and got through it. Today I started week 2 and was deep into chapter 6 when I got a call back from a job I had applied for and went for an interview last Thursday. With the mock interview advice, which was much needed, I implemented everything Jamie advised and received an offer this morning! I believe had I not went to the mock interview or learned from Jamie I would not successfully have a job. This position requires more education than I have obtained, but with the advice and confidence from Jamie it didn't let that stop me. Shannon, thank everyone at Valley College for the assistance in the betterment of my life. I appreciate every experience I have had so far."

"Great job online Student Success Coaches for thinking outside of the box and encouraging the students to keep growing, reflecting, and BLOOMING!"

Beth has worked in higher education for many years and has always had a love for helping others succeed and do their best! She has worked for Valley College for right at a year and has always been effective, efficient, and a positive joy to be around! Beth shared some really fun things about herself and I wanted to share them with you all too as we welcome her to the Online Division!

* My favorite past time – Is spending time with my family and especially my 9 months Old Granddaughter – Brynlee.

* My family means the World to me – I cherish every moment with them – Because Life is too short

* Favorite foods – Everyone knows if I don't know what I'm having for lunch/dinner its Chinese food

* I was born and raised on a Cattle/Horse Farm – My Father was a Jockey, and that was his dream for me to become a Jockey. I did ride in Professional English Horse Shows – until I got hurt and had to stop riding.

Welcome to Online, Beth!

Welcome

Mr. Rick Smith has been a member of Valley College for about 12 years. In the course of those 12 years he actually taught the first ever online course for back in 1999!

I have had the pleasure of working with Mr. Smith for just under 5 years and he has contributed to online in a host of subjects that include program design, student support, instruction, and creating student resources. During this time, Mr. Smith has observed classrooms, inspired teachers, shared thoughts and ideas, tutored many many hours with students and called out to students that were on our watch lists to encourage students! Moving forward, Mr. Smith will now be focusing exclusively with the Online team and will continue to work with us as our Business Administration Program Head, Instructor, and will support the Online student body with a host of additional activities as our Online Administrative Specialist. I am excited to have him and his support with us and I wanted to congratulate him and welcome him to the Online Division!

Welcome aboard Mr. Smith!

**Congratulations! These
winners will be receiving gift
cards. Great job!**

Join the race today in the Community Resource
Room! TypeRacer Corner is continuously running.
We pick winners periodically!

For **moodle ExtraCredit** this Course:

Think back to January 2019 - (Were you in school? Were you just getting started or half way through?)

What have you learned since January 2019 about your profession and about yourself? Outline where you were when you started this year and where you are now.

Think about where you will be in December 2019? (Will you be a graduate? Will you be 6 months closer to graduation? A new mom? A new dad?)

RECORD it!! Just like you did with the flower challenge, just this time we are thinking and reflecting on a long term growth!

Use your phone and record a 15-30 second video to tell about where you were in January 2019, how you have grown, and where you are going!

If you don't have a phone that records video well, put your growth in a Powerpoint and record your voice on the slides!

If you are having trouble with option a and b here, reach out to your coach and they can help with another alternative!

Post your video/powerpoint to CRR for Extra Credit
